With up to 1 in 3 people showing no Covid-19 symptoms you could be spreading the virus without knowing it.

Residents who are key workers or anyone leaving home regularly for work, volunteering or training who are not showing symptoms are asked to get tested to help us break the chain of transmission.

Book your test online at www.cambridgeshire.gov.uk/rapidtesting. Alternatively, we also welcome you without an appointment.

We recommend testing twice a week to help stop the spread.

Creating an account on your first visit will speed up registration for following visits, enabling the entire testing process to take 5-10 minutes.
